

7 Steps to Better Study

Ideal resource for students from Grade 7 to Grade 12.

This interactive booklet contains information, ideas and activities that enable students to develop a crucial planning platform to directly assemble their

interactive Digital Study Blueprint.

This package works through the basics of sound study skills and time management techniques and includes the following topics.

Overview for Parents and Staff

Intro Understand Your Problem

Step 1 Identify Your Learning Style

Step 2 Set Your Goals

Step 3 Improve Your Time Management

Step 4 Measure Your Effort and Progress

Step 5 Find the Right Balance

Step 6 Set Up the Best Study Environment

Step 7 Reward Yourself

Bonus How to Improve Test Preparation and Technique

This package can be customised to include your school's name, colours, timetable and logo/crest plus it comes with lesson presentations, a Facilitator Guide and an overview for parents and staff

7 More Steps to Independent Learning

Ideal resource for students from Grade 10 to Grade 12 and beyond

This valuable interactive booklet contains a series of in-depth activities that will lift the students' performances to a new level. The *interactive Digital Study Blueprint* can be redesigned as part of this package.

This package challenges the students to deepen their knowledge base and provides more skills to improve their development as independent learners by working through the following 7 Steps.

Step 8 Making More Use of Your Learning Style

Step 9 Mastering Motivation

Step 10 Improving Memory and Recall

Step 11 Concept Mapping and Mind Mapping

Step 12 Multitasking

Step 13 Note Taking and Note Making

Step 14 Evolving as an Independent Learner

This package can also be customised to suit your school, plus it comes with lesson presentations and uses the same Facilitator Guide
